Look through the following for some understanding and ideas of what the 2 plays Machinal and Love and Information will involve.

Not everyone will suit your tastes, but it's worth looking to see which bits you like – and could therefore think about using for your own version, and which you don't – and would therefore justify in changing.

and for **Love and Information** – look here:

as you may or may not know, there are lots of scenes in L and I, and it is written open to interpretation so there are lots of ways of doing the same scenes. You'll be required to decide how you want to stage each scene. Take a look at a few examples here – some are trailers, some are films, and some are amateur and/or student productions.
