Attendance and exams

- At KS4, pupils who attended school nearly every day in Year 11 (with an attendance rate of 95-100%) **were 1.9 times more likely** to achieve the Grade 5 in English and Maths GCSE compared to pupils who only attended 90-95% of the time (relating to up to 2 weeks more time in school over the course of a year) and **3 times** more likely than persistently absent pupils who only attend 85-90% of the time (relating to 4 - 6 weeks more time in school).
- **This means missing just 10 days of year 11 reduced the likelihood of achieving grade 5 in English and Maths by around 50%.**

Adjusted timetable
