

Transport information for parents and carers of students moving to post-16 education

Dear Parents and Carers,

All young people moving into post-16 education, who require school or college transport must make a new transport application, even if your child is staying with us at The Priory Academy LSST. If you think your child is eligible for post-16 transport, please make an online application at www.lincolnshire.gov.uk/school-college-transport.

Young people who have an Education and Health Care Plan should make their application as soon as possible once the post-16 setting has been named on the plan.

Please be advised that there is a charge for post-16 transport provision.

The current annual cost is:

- a one-off payment of £570
- or, three termly instalments of £193 (a total of £579)
- or, six instalments of £96.50 (a total of £579)

Once the school transport team has received the application they will write to the parent or carer with details of how to pay the post 16 charge.

The payment or part payment should be paid before 31st July to guarantee that transport will be in place by the September start date.

If the payment has been made, but transport is no longer needed, the parent or carer should inform the school transport team before the start of the September term and the payment will be reimbursed. If the student decides to go to a different school a further application will be needed.

If you have any queries about school transport, please contact the transport team at schooltransportapplications@lincolnshire.gov.uk.

Yours faithfully,

Mr C Donaldson
Associate Assistant Headteacher
