

NAME: DR BEN HUDSON

CLASS OF: 2006

How time flies! Since leaving The Priory LSST, I've lived, worked and studied in many different places, including Georgia, Moldova, Zurich and Cardigan! I'm now based in Exeter where I'm a lecturer in the Law School. It's an excellent job, albeit not one I'd ever imagined me doing. So my advice is to keep broadening your horizons and be open-minded to the many fantastic (if perhaps sometimes unexpected) opportunities that will undoubtedly come your way. Believe me, the hard work you put in now really does pay off in the future!
