

The Priory Academy LSST

Lincoln, England

OUTSTANDING BOARDING

The Priory Academy LSST, in the historic city of Lincoln, is an outstanding academy with results that make us one of the top performing state schools in the country. The Academy, part of The Priory Federation of Academies Trust, also offers outstanding Sixth Form Boarding (Ofsted 2017). As a state boarding school, we also offer excellent value for money with very competitive fees of currently just £11,800 per year.

The Robert de Cheney Boarding House was opened in September 2012, a purpose-built, state-of-the-art facility with en-suite single accommodation for up to 60 Sixth Form students. There are common rooms for the boys and the girls on their respective floors and a joint common room on the ground floor for all boarders. In addition to the high quality catering that is provided for the boarders every day, they also have their own kitchen, new in September 2016, where they can cook for themselves at weekends if they wish.

Over the last five years, the boarding house has developed into a vibrant and dynamic multi-cultural community, with students of several different nationalities. While the boarders themselves thrive and benefit from living in such a stimulating environment, the wider academy also benefits from the added dimension that the boarders bring to the Sixth Form.

TOP DESTINATIONS

The overwhelming majority of Sixth Form students progress to higher education. They are supported throughout their time in Years 12 and 13 by an outstanding higher education and careers advice programme.

Every year, a significant number of our Sixth Form students gain places at Oxford and Cambridge, UK Medical Schools and a range of other top universities. In the summer of 2017, nine students secured places at Oxbridge, four gained places to study medicine and two dentistry. Our 262 Year 13s achieved 60% A*-B in their A Levels and 41% of students achieved places at Russell Group universities.

Academy motto: *Courage and Courtesy*

UNIVERSITY SUCCESS

Our Year 13 boarders who left in 2016 and 2017 were particularly successful, with university destinations including:

Cambridge – Engineering
 Oxford – Medicine
 UCL – History, Politics & Economics
 UCL – Management Science
 Durham – Psychology
 Warwick – Economic Studies & Global Development
 Bath – Aerospace Engineering
 Sheffield – Computer Science
 Bristol – Mathematics
 Royal Holloway – Psychology
 Istituto Marangoni London – Fashion Design
 Lancaster – Philosophy
 Nottingham - Architecture

LANGUAGE SUPPORT

Alongside the outstanding academic teaching that the students receive, we are very conscious of meeting the needs of our overseas boarders in terms of support for their English where necessary.

To this end, we conduct English tests with all new boarders who have not taken GCSEs or equivalents to ensure that we have a clear understanding of whether they need any additional support from the outset. Where support is needed, we timetable extra English lessons.

We also run IELTS classes throughout the year to support all students who need to take this qualification at no extra cost.

EXTRA-CURRICULAR ACTIVITIES

In addition to academic studies, both the academy and boarding house offer an exciting range of extra-curricular activities. We have our own Combined Cadet Force, we offer Duke of Edinburgh awards to Gold and both Sport and the Arts feature heavily in our extensive programme of activities. There are regular trips abroad. At the boarding house there is a wide range of excursions and house events at weekends, while boarders also have free membership of the academy gym.

**Just 90 minutes by
train from London**
