

NAME: Marie Oldfield

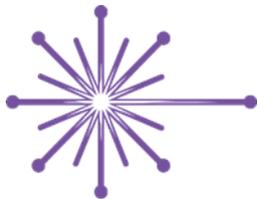

CLASS OF: 1999

I am Marie Oldfield, Director of Oldfield Consultancy.

My memories of school are of a lot of fun and some really hard work. I made some lifelong friends at school. I really enjoyed just about every subject, and when we got to play rounders! The Teachers in my year were so knowledgeable and motivated I have a huge amount of respect for them. I credit them with my success as person and a professional.

My most memorable experience is travelling Africa and watching every kind of wildlife walk across the patio of the hotel in Eswatini (then Swaziland).

My best advice is: Never give up, even when it gets tough. Life is going to throw a lot in your way, keep reaching for your dreams, meet people, travel, experience the world and do what makes you happy. Life is too short.
